Trees (Pixels) can see the forest (Image)

Overview

Fixel Contrastica 2 PS is a simple, focused and highly tuned **Global and Local Contrast Enhancement** filter.

Fixel Contrastica 2 PS features a **novel algorithm to enhance and boost local & global contrast** in video frames and images.

Contrastica enables you to control the contrast all over tonal range (**Shadows & Highlights**), reveal hidden details and create overwhelming total look.

All done using **intuitive and user friendly** interface.

Fixel Contrastica 2 PS is **Multi CPU accelerated** and compatible with CPU's with SSE4 and up.

Showcase

Amplifies textures

Before

After

Boosts intensity & color channels contrast (optional)

After

Panel & Sliders

+ Resolution

Set the local contrast effect according to the image resolution.

+ Local Contrast

Local contrast intensity. Higher values amplifies the intensity of the local contrast effect.

+ Global Contrast

Global contrast intensity. Higher values increase the global contrast of the image.

+ Contrast Balance

Tonal Range (Shadows / Midtones / Highlights) Contrast Balance

+ Intensity

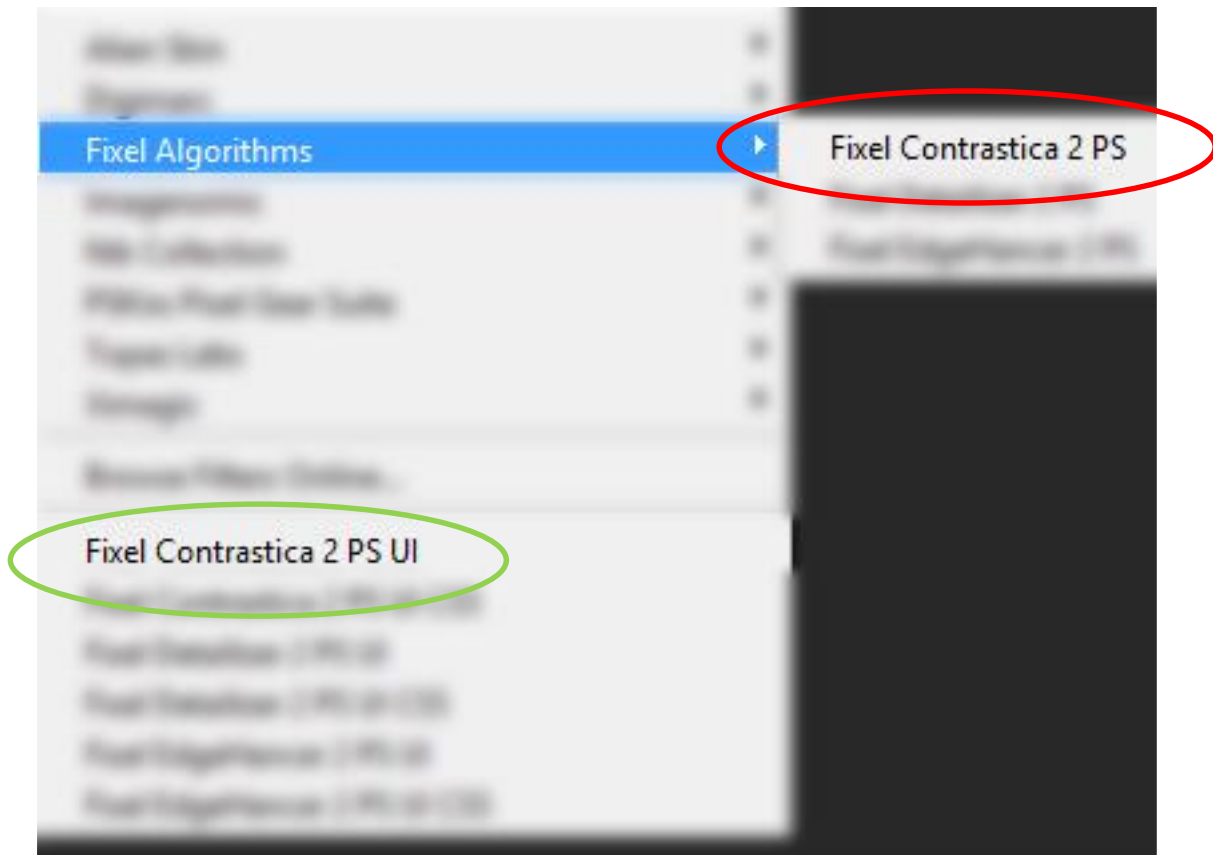

Overall intensity of the effect.

+ History Pane

Allows the user go back and forth between parameters combinations.

Launch the UI

- **Launch** Adobe Photoshop <Version Number>.
- **Using** the filter:
 - Launch Adobe Photoshop
 - Select the “Filter” menu.
 - Select **Fixel Contrastica 2 PS UI**.
 - Select parameters values and hit “OK” to apply the effect.
 - The filter works only on Bit Map layers.
- **Having problems?**

Thank You !

Thank you for buying Fixel Algorithm's product.
We are doing our best efforts to deliver innovative, intuitive and useful products for our customers.

We invite you to visit [Fixel Algorithms Home Page](#) or [our page](#) at [aeplugins.com](#).

If you have questions / feedback / complaints / suggestions on our product, contact us – fixel@fixelalgorithms.com.

We're more than happy to hear customers suggestions and feedback.

If there's any feature you are after, please, contact us.

We're eager to fulfill our customers needs and requests.
